Docket No. 98N-1265

Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I thought we were in a "free"
Country. If I need an individually
compounded medicine and my local
drug store can't supply it for me
I would like to be able to order
it if need be. Otherwise I can't
get it.
